SOCIAL  
DISTANCING**

PROTECT YOURSELF AND  
OTHERS FROM COVID-19.

Until you're fully vaccinated, wearing masks inside public places + staying at least 6 ft apart from people who don't live with you & who may not be vaccinated reduce your chance of being exposed to or spreading the virus. Even people who are vaccinated in areas of substantial or high spread of COVID-19 should wear a mask inside public places to maximize protection from the highly contagious Delta variant and prevent possibly spreading it to others.
